OUR POLICY OF CARE AND PAYMENT

Ensuring that our patients receive high quality care is the goal of our practice.

Payment is due at the time of treatment. We accept cash, check, and major credit cards. We also have a payment plan called CareCredit, that allows you to start treatment today and spread payments over time.

Payment Options

1. Cash or Check
2. Major Credit Cards
3. CareCredit

When using a credit card for procedures involving multiple visits, we allow (with a signed agreement form and established payment history with our office) an option which lets you make three equal installments on the credit card. One-third payment is due at the first visit, one-third is due thirty days later, and the balance is due sixty days from the initial visit.

Applying for CareCredit takes only a few minutes and there is no fee to apply. There is no annual fee, and *no-interest* payment plans (up to 6 months) and *extended* payment plans (up to 48 months) are available. With CareCredit, we do not require any payment today.
(Please refer to CareCredit brochure)

Dental Insurance

For those patients with dental insurance, depending on your insurance company we may only require that you pay your yearly deductible (if applicable) and any anticipated uncovered portion of your total fee. AS A COURTESY, we may wait up to four (4) weeks for your anticipated insurance benefits. After four weeks, if your insurance benefits have not been received, we may ask you to settle your account.

PLEASE NOTE that YOUR insurance company has a responsibility to YOU, their insured, and not to US, the dental office. Notwithstanding, we will attempt to help you receive the maximum insurance benefit to which you are entitled.
